

The background is a dark, abstract composition featuring several layers of wavy, undulating lines. These lines are composed of numerous small, colorful dots in shades of blue, yellow, orange, and red, creating a sense of depth and movement. The overall effect is reminiscent of a digital or data-driven landscape.

# VOTE OF THANKS

---

---

I would like to thank my parents, my mentors – Ms Smita and Ms Shivani, Mr Ken, all my group members and YouTube channels that have helped me in successfully completing this project on time and gaining so much knowledge.

---

---

## STUDENT INTRODUCTION:

- I am Freya Khanna, a 16 year old girl currently studying in grade 11.
- I have a deep interest in the field of Computer Science and Artificial Intelligence and aspire to be a software engineer.

## INTERNSHIP EXPERIENCE

I'VE HAD AN AMAZING EXPERIENCE IN THE INTERNSHIP SO FAR. IT HAS BEEN AN AMAZING LEARNING OPPORTUNITY IN WHICH I HAVE COME ACROSS MANY CONCEPTS THAT HAVE HELPED ME IN EXPANDING MY KNOWLEDGE IN THE FIELD OF ARTIFICIAL INTELLIGENCE AND COMPUTER SCIENCE.

SO FAR, I HAVE EARNED THREE ROCKSTAR BADGES.

# ABOUT APP

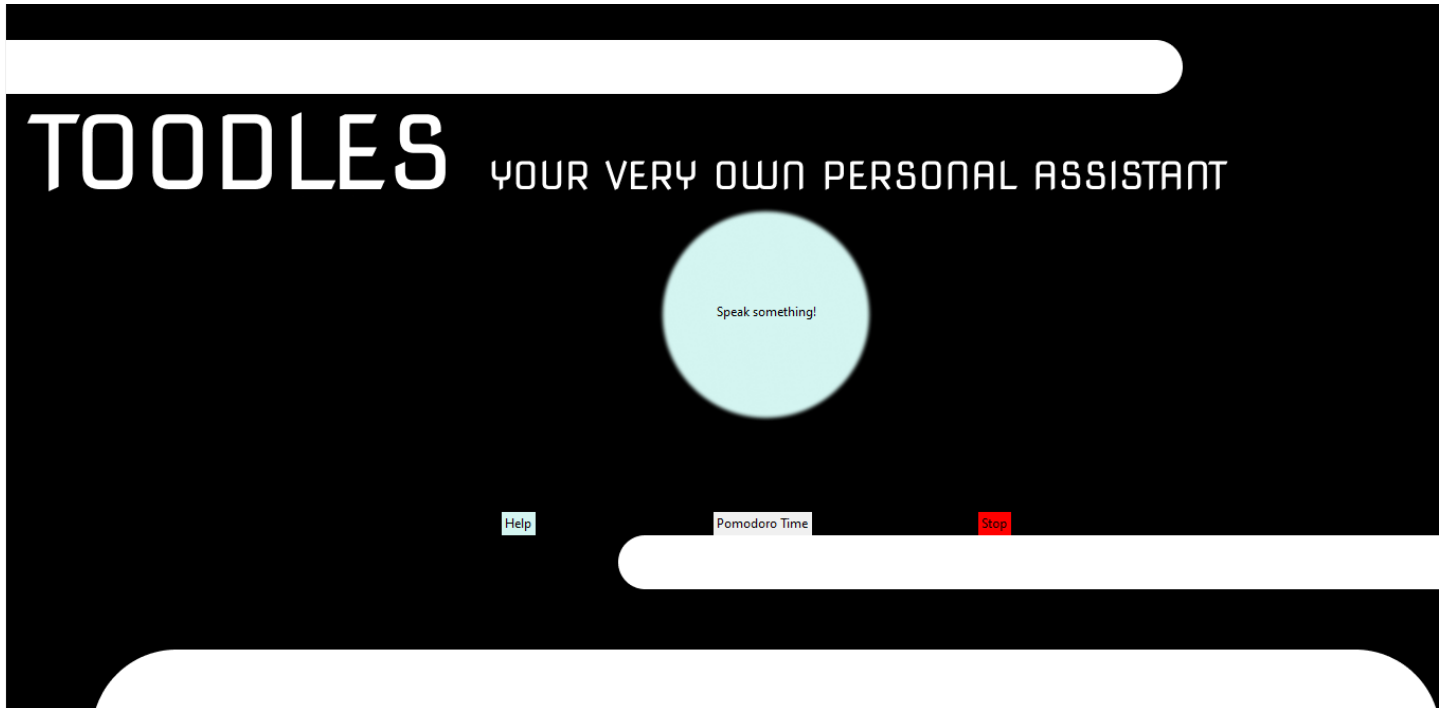

Toodles is a personal assistant built for your desktop.

It can assist you in:

- Automatically opening Google
- Providing summaries on any topic from Wikipedia
- Opening YouTube
- Telling you the time
- Opening Gmail and sending emails
- Performing any web search
- Telling any jokes
- Making and keeping track of notes

# HOW DO I USE THIS APP?

- This is the first screen you see when you open the app. To use this app, you must click on the button that says, "Speak something!" Every time you wish to give the assistant a command. Once you do, viola, your wish is granted!

THE 'HELP'  
BUTTON LEADS  
YOU TO A PAGE  
WITH  
INSTRUCTIONS.

Help

# INSTRUCTIONS FOR COMMAND:

## General:

- To make a Wikipedia search on any topic, please use the word 'Wikipedia' in your instruction.
- To open YouTube, please say 'Open YouTube'.
- To open the Google homepage, please say 'Open Google'.
- To know the time, please include 'time' in your instruction.
- To know the news headlines, please include 'News' in your instruction.
- To conduct a general websearch or play anything from the web, please use 'search' or 'play' in your instruction.
- For a joke, please use 'joke' in your instruction.
- To make the assistant read a PDF, please use 'PDF' in your statement

## Notes:

- To write a note, please include 'Write a note' in your instruction.
- To view your notes, please use 'Show note' in your instruction.

## GMail related:

- To open GMail, please say 'Open Gmail'.
- To send an Email to a particular person, please include 'Send email to' or 'Send an email' in your instruction. And then mention the reciever's email address.

**NOTE:** You can only avail these two features if you have changed the security settings in your GMail to 'allowed' for access to low-security apps.

## Buttons:

- Speak something button allows you to give instructions to Toodles.
- Help button leads you to the user manual.
- Pomodoro Timer button starts a timer for twenty five minutes.
- Stop button shuts down the program.
